contract maintenance

ENVIRONMENTAL POLICY STATEMENT

Landscape Services (South West) Ltd specialise in contract grounds maintenance providing 'tailor made' services to suit individual site requirements including; litter clearance, herbicide application (weed killing), hedge and shrub pruning and trimming, grass cutting, tree and shrub pruning and soft landscaping. In carrying out our services we recognise the need to minimise any adverse environmental effects caused as a result of our activities or services, achieving our business objectives in a manner that reflects the changing environmental priorities of our customers and the community. As part of our commitment to maintaining the highest levels of environmental management, the company has implemented an environmental management system compliant with ISO 14001.

Landscape Services (South West) Ltd acknowledges its responsibility and commitment to the protection of the environment at all levels. Landscape Services (South West) Ltd will comply with applicable environmental regulations, laws and codes of practice whilst committing to continuous improvement of our environmental management performance and the prevention of pollution.

We recognise that our key adverse environmental impacts are energy, fuel consumption and green waste generation. In particular Landscape Services (South West) Ltd will:

- Take action to eliminate or reduce, as far as practicable, any actual or potentially adverse environmental impacts;
- Wherever practicable to use appropriate recycled or recyclable materials;
- Encourage employees to work in an environmentally responsible manner;
- Where appropriate, obtain support from customers by providing them with services that are environmentally responsible in use;
- Promote a purchasing policy which will give preference, as far as practical, to those products and services which cause least harm to the environment;
- To minimise the generation of waste, to promote the use of sustainable resources and to make use of all materials, supplies and energy;
- Ensure, where possible all waste generated is recycled or disposed of in a responsible manner;
- Continue to encourage and facilitate modes of transport by staff which minimise environmental impact, and to apply environmentally friendly principles to the operation of Company vehicles therefore reducing fuel usage where possible.

The policy statement is on display at our premises and is made available on the internet at www.landscapeservicesw.co.uk and can be made available to the public via request.

Management and staff have responsibilities for the implementation of the policy and must ensure that environmental issues are given adequate consideration in the planning and day-to-day working activities.
